Christian Research Institute (CRI) made this statement following a three year exhaustive critical evaluation of Theophostic Prayer:

"CRI detects nothing unbiblical about the core theory and practice of Theophostic Prayer Ministry (TPM)...It certainly fits the biblical worldview to hold that believing lies oppresses or injures people and replacing those lies with truth frees or heals them. The theory that the emotional pain that haunts so many people's lives (including Christians) is rooted in false beliefs associated with past experiences rather than the experiences themselves seems elegant in its profound simplicity... This emphasis on conforming one's beliefs to truth is entirely biblical... and the complete dependence on Christ in ministry to the hurting that TPM advocates, to the point of giving Him the central place in that ministry, is commendable..."

What Others Have Said

"For the last twelve years Theophostic Prayer Ministry has been adopted in my church as the primary tool to bring peace to people who are seeking wholeness. Again and again we have witnessed the healing touch of Jesus bringing peace and order to troubled lives. In my opinion this is the best method for bringing and sustaining emotional and spiritual health I have come across. As I have personally experienced, Jesus can bring resolution to life's hurts where we cannot."

Rev. Peter Thompson, Senior Pastor,
Vision Christian Fellowship, Fyshwick (Canberra) ACT, Australia

After 32 years of marriage, most of them filled with conflict, we now have a peace we never believed possible and can now turn any very occasional moment of strife into an opportunity for further healing which is such a miracle. TPM has made our ministry so much more effective and we regularly see people set free from emotional issues that have existed for a long time.

Stuart and Deanne Charlton, Sunshine Coast, Queensland, Australia

We began using Theophostic ministry several years ago. During that time the results we have seen have been nothing less than miraculous. I highly recommend Theophostic to anyone else actively involved in Christian ministry. It will add a new dimension to your ministry.

Pastor Bruce Mackay, Oamaru Baptist Church, Oamaru, New Zealand

For the first time in my professional mental health career of over 20 years, I am witnessing lasting miraculous healing by the Lord Jesus Christ in the trauma memories of my clients.

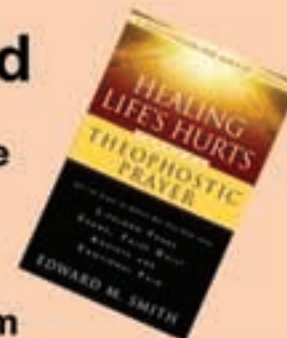

Dr. James W. Eisenhower, Licensed Clinical Social Worker,
Christian Psychotherapy Services, Virginia Beach, VA. USA

Dr. Ed Smith came to Canberra with the Basic Training Seminar a few years ago. We look on that week as the turning point of our lives. Since then we have seen many people gain freedom from lies that have bound them up. We believe Theophostic Prayer Ministry is one of the most effective "tools" that God has given us in our itinerant ministry in Outback Australia.

What is Theophostic Prayer Ministry (TPM)

A basic principle of Theophostic Prayer is "We feel whatever we believe." I can say I believe God is the supplier of all my needs, yet if I feel worried and anxious about my finances, then I may actually believe something else. When we are fearful, worried, or anxious, it is because our core belief produces these same feelings. TPM helps people to identify their lie-based core beliefs and find truth through an encounter with the presence of Christ. When this occurs, the person can experience complete release of their lie-based negative feelings in these specific places of pain and enter into the Lord's perfect peace.

TPM is Christ-centered and reliant upon the Holy Spirit for its direction and outcome. Each session is judged by its consistency with the Scriptures. TPM should not be confused with counseling, giving advice, diagnosing problems, guided imagery, visualization, relaxation therapy, recovered memory therapy or any other similar process.

TPM is a prayer model focused on identifying lie-based core belief with the goal of attaining mind renewal. The outcome of mind renewal is transformation - life change and Christ-likeness. (Rom. 12:2). Theophostic Prayer is not a replacement for good Christian mental health, biblical counseling, teaching or personal Bible study. All of these practices have value in their proper context.

Meet the Founder of Theophostic Prayer

Dr. Ed Smith developed TPM in the mid-nineties in the context of his counseling ministry to survivors of childhood sexual abuse. He holds a Masters degree in Christian education from Southwestern Baptist Theological Seminary in Fort Worth, TX and a Doctorate of Ministry from Midwestern Baptist Theological Seminary in Kansas City, MO. His ministry career includes 17 years of service to Southern Baptist churches.
